

Department of Electrical & Electronics Engineering

STATUS: Smart Grid & Renewable Energy Hub · Autonomous VTU Program

EEE at RNSIT prepares students for next-generation power electronics, electric vehicles, renewable energy grids, and industrial automation control systems.

Focus Areas	EVs, Smart Grids, Power Systems	Degrees	B.E., Ph.D.
Top Recruiters	Schneider Electric, ABB, L&T;	Contact	eee@rnsit.ac.in

Core Focus Areas & Facilities

- Electric Vehicle Battery Management & Powertrain Simulation Laboratory.
- Rooftop Solar Photovoltaic research installation and Smart Micro-Grid experimental station.

Contact

Location: Main Campus, RNSIT, Bengaluru – 560098
